Zen Commander is a registered trademark of Zoltán Magyar.

Zen Commander is **free** for use in personal, non-commercial environment. "Free" in the preceding sentence means that there is no cost or charge associated with the installation and use of Zen Commander. Donations are always appreciated, of course!

Zen Commander is **not free** for use in any environment other than stated in the previous paragraph, including but not necessarily limited to: academic, commercial, government, business, and for-profit. "Not Free" in the preceding sentence means that there is a cost associated with the installation and use of Zen Commander. For the current prices, and the ways to acquire the permission, please see the [homepage of Zen Commander](#).

You may not modify, adapt, rent, lease, loan, sell, or create derivative works based upon the Software or any part thereof. However you may create extensions (the "Plugins") which might extend or alter the functionality or user interface of the Software.

The Plugins may be created only through the API provided with the software. Any other way to extend or alter the user interface or the functionality of the Software is prohibited.

This license does not apply to the API DevKit, or the Plugins. The API DevKit and each of the Plugins have their own individual license. This license applies to only the Software.
